
Triangle Services signs Multi-Year Contract to outsource Infrastructure Services to Digica.

Monday November 06, 2006

Branchburg, New Jersey, November 6 2006 – Digica Inc., a leading provider of managed services for Midrange Servers and Desktop equipment, disclosed today that Triangle Services, the industry leader in facilities and aviation services, signed a long-term agreement to outsource its IT infrastructure operations to Digica. Under the terms of the agreement, Digica will assume the management and hosting of Triangle Services iSeries and Intel Server operations, and also provide its Desktop and WAN/LAN/VPN managed services and Support Center requirements.

With over 3,000 employees in 30 States, Triangle offers Aviation Services both above and below the wing, Janitorial, Snow Removal, Landscaping, rubbish and security services, and maintenance of the automated portion(s) of today's supply chains to a client base of Fortune 500 companies, Real Estate Companies and Owners and airports such as JFK and Tampa. Providing the best possible services at lowest possible costs, Triangle consistently delivers safety-minded services that strictly adhere to OSHA standards and all other applicable governmental regulations.

Digica, a BPO management Services company, is a leading provider of IT services specializing in iSeries, Intel Server, Remote Desktop and Network managed services. Digica provided a customized and scalable solution and flexibility that met Triangle's current infrastructure support and future roll-out requirements as they continue to expand.

About Digica

Based in Branchburg, NJ, Digica is a leading provider of managed IT services to the corporate mid-market for Mid-range Servers and Desktop equipment. As an infrastructure services provider, Digica delivers business solutions for iSeries, UNIX and Intel Servers, as well as Desktop and Laptop PC's and Networks. There are now more IBM iSeries under Digica direct management than any other Data Center on the East Coast.

About BPOMS

BPOMS provides a broad portfolio of business and technology solutions to help its clients worldwide improve their business performance. Our core portfolio includes human resources (HRO), information technology (ITO), enterprise content management (ECM), and finance and accounting, all of which are focused on supporting the back-office functions of the underserved middle-market enterprises. BPOMS business strategy is to become the leader in the middle market by offering the same comprehensive back-office services to mid-sized Companies at lower cost as compared to the higher priced Tier-1 providers.

About Triangle Services
